			5		

Notes:

Goal is what you plan to do with money. Goals can include, but are not limited to, funding retirement, leaving an inheritance, donating to a charitable or religious organization, paying for a child's or grandchild's college, building emergency savings and paying off debt.

Number of Years Away is the amount of time between now and when the goal must be funded.

Spending Duration is the length of time you expect to spend cash on the goal.

Priority is the numerical ranking of how important each goal is.

Estimated Cost is the amount you expect you will need for the goal.

Comments are any notes about the goal you want to list.
